

UNISH MAHARJAN

Kirtipur, Kathmandu, Nepal | +977 9841399247 | maharjan.unish.55@gmail.com
GitHub: github.com/Unish-Maharjan | Website: unishmaharjan93.com.np

A motivated and growth-oriented IT professional with a strong full-stack foundation and robust problem-solving skills. Passionate about continuous learning, adapting to new technologies, and applying security awareness to develop secure, reliable systems.

TECHNICAL SKILLS & LANGUAGES

- **Core Development:** React, Node.js, Express, MongoDB, JavaScript (ES6+), HTML5, CSS3, C++, MySQL, Python
- **Tools & Design:** Figma, Git/GitHub, Power BI, RTK Query
- **Languages:** English, Nepali, Newari

KEY TECHNICAL PROJECTS

MERN Hospital Portal & Admin Dashboard — *Full Stack Project* 2026

- Engineered a comprehensive healthcare platform featuring role-based authentication separating patient portals from administrative management.
- Integrated RTK Query for high-performance server-state management and client caching, allowing seamless live updates.

MERN Online Bookstore & Inventory System — *Full Stack Project* 2026

- Developed an end-to-end e-commerce application equipped with a robust inventory management engine and CRUD capabilities.
- Secured backend routes via Joi validation middleware and implemented touch-responsive carousels using Swiper.js.

Vanilla JS Hangman Game — *Frontend Architecture* 2025

- Built a lightweight, object-oriented word game deploying raw DOM manipulation tactics free of third-party frameworks.

** All my projects are listed on my website with their live-demon :- www.unishmaharjan93.com.np **

TRAINING & PROFESSIONAL CERTIFICATIONS

CyberSecurity Professional Workshop — *Vrit Jobs* 2026

- Completed an intensive 3-day cybersecurity workshop covering advanced attack vectors, threat simulation, and modern defensive strategies to proactively safeguard network infrastructure.

Certified MERN Stack Developer — *Mind Risers Consortium* 2026

- Hands-on engineering certification focused on modular REST API structures, asynchronous database transactions, and scalable web architectures.
- Credential links :- <https://www.mindrivers.com.np/certificate/validate/MR-82058-MS>

Data Analysis Workshop (Python & Power BI) —

2026

Vrit Jobs

- Processed, aggregated, and normalized complex datasets using Python and engineered multi-tiered interactive dashboards

EXPERIENCE

General Member — Prime IT Club

2080 - Present

- Spearheaded intra-college hackathons and tech events. Coordinated logistical workflows for regional IT tournaments and managed corporate sponsor relationships.

Social Media Intern — Karkhana

1 Month

- Managed multiple digital media platforms. Curated visual identity layouts, dynamic promotional artwork, and optimized educational video editing.

EDUCATION

**B.Sc. in Computer Science & Information
Technology (BSc. CSIT) — Prime College**

2080 - Present

**+2 Science (Physics Focus) — GPA: 2.98 (B+) —
Little Angels' College**

2077 - 2080

**Secondary Education Examination (SEE) — GPA:
3.50 — Creative Academy**

Graduation 2077 BS
